Collection of Food and Juvenile Books

School Grouping Rosa Ramalho

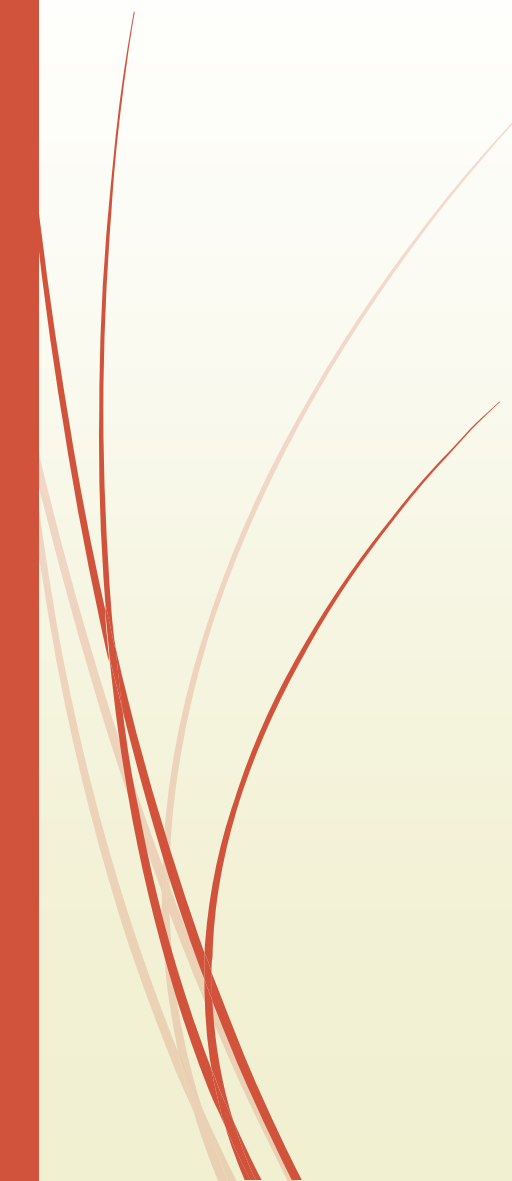

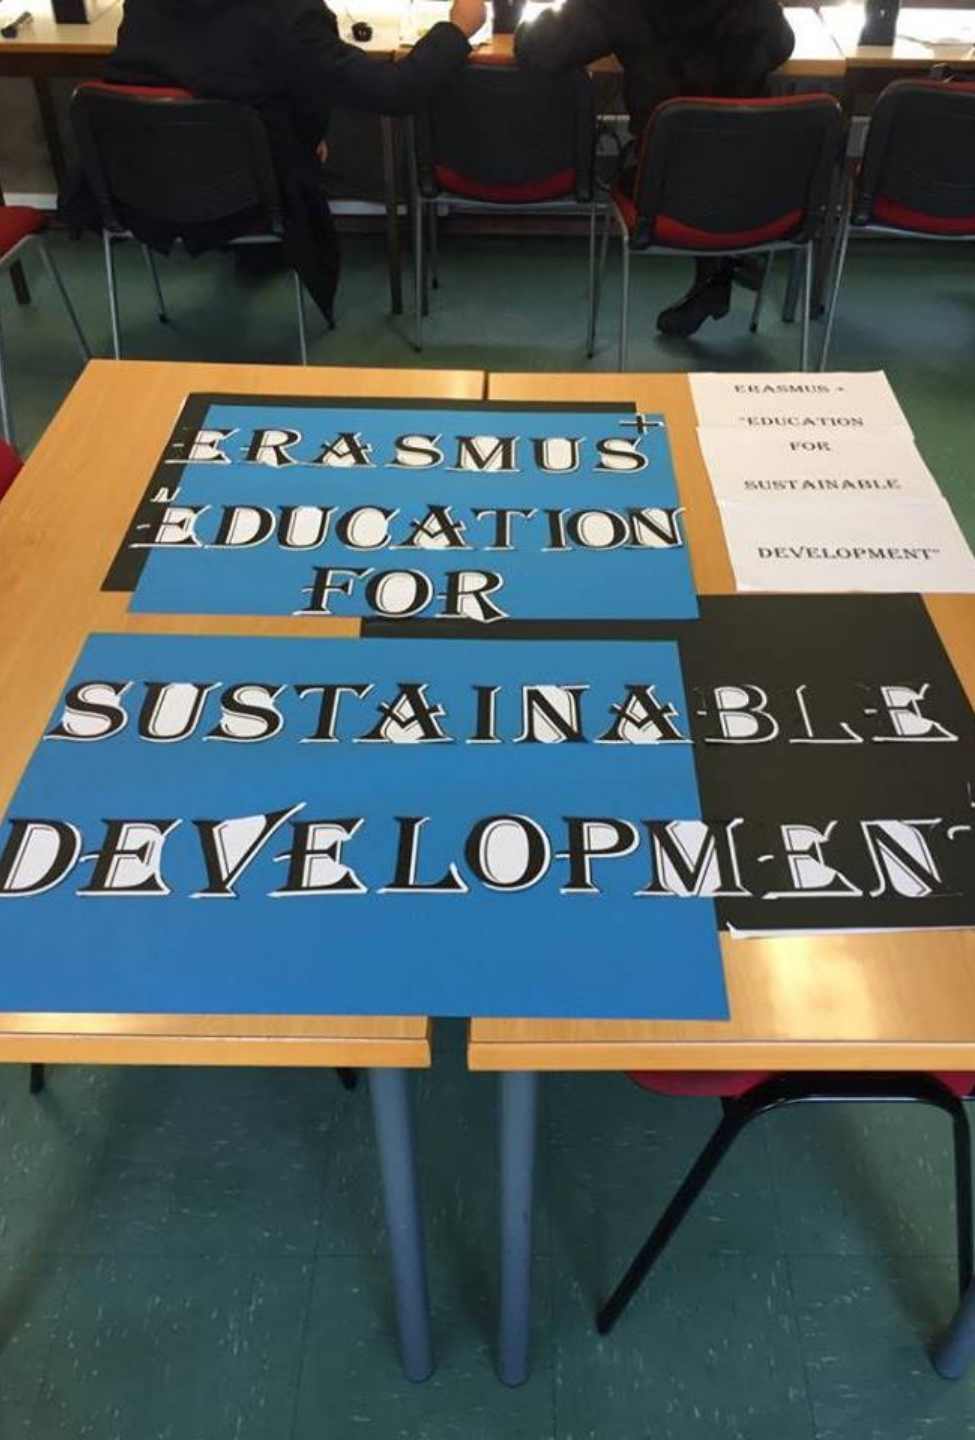

How did this idea come about?

- Our goal with this work was to help those who need it most. With the help of everyone, we have been able to collect lots of food and juvenile books to send to schools in Mozambique.
 - In order to be able to carry out this activity, we ask for help to the SOPRO Association, which is a non-profit solidarity association.
 - In this work we will present some of the steps performed.
- 

Preparation of Food Collection:

- Step 1 - Designing the Poster
 - Step 2 - Preparation of the boxes for the collection
 - Step 3 - Collection of food and books
 - Step 4 - Delivery of the donations to SOPRO
- 

Step 1- Designing the Poster

- We made a poster to appeal to all members of the school community to donate food or books.

Step 2 - Preparation of the boxes for the collection

- We put the boxes in a place visible to all members of the school community, so that everyone can donate.

Step 3 - Collection of food and books

- The students and the rest of the educational community were involved and collaborated in this activity, having made a commitment to bring food and juvenile books.
